

Meadowlarke Stables Inc.

Learn to Ride Confirmation

General Information

All students will be spending the first lesson on the ground learning to handle and groom the horses. For remaining lessons, part of the lesson time is spent in the barn, teaching students how to properly handle, groom and tack the horses.

Students should arrive 10-15 minutes prior to their first lesson. Students and parents will have an opportunity to meet the barn assistant and riding instructor, and will also have a tour of the barn.

After the first lesson, students will be expected to arrive 1/2 hour prior to their lesson time to prepare their horses for the lesson, and stay 1/2 hour after the lesson to untack and groom their horses and put equipment away.

We feel strongly that to develop confident and responsible horse people, they must have a sense of responsibility towards the horse they are riding. Riders therefore need the 1/2 hour before and after the lesson to complete these responsibilities. As parents, we ask that you make sure that your child arrives on time, and that you do not rush them to leave once the riding portion of their lesson is over.

Please note: Family & Friends are not permitted in the barn areas

Except on lesson viewing days & horse shows

It is quite common for beginners to be nervous at the start of the program. We do have a barn worker in the barn to assist riders. If you have any questions or concerns, please don't hesitate to contact the office at 905-821-0419 or info@meadowlarkestables.com

Please remember that these are set programs with pre-determined class dates. If you are unable to attend a class there are no make-ups available. Any missed classes are forfeited.

If you withdraw from the program a minimum of 8 days prior to the first class, your registration fees will be refunded less a \$50.00 administration fee. No refunds/class changes will be issued within 7 days of the start of the program regardless on the circumstance. I.e. medical, allergies, conflicts, etc.
